

# Jezebel

## Iron & Wine

Who's seen Jezebel?  
She was born to be the woman I would know  
And hold like the breeze  
Half as tight as both our eyes closed  
Who's seen Jezebel?  
She went walking where the cedars line the road  
Her blouse on the ground  
Where the dogs were hungry, roaming  
Saying, "Wait, we swear, we'll love you  
More and wholly, Jezebel, it's we  
We that you are for only"  
Who's seen Jezebel?  
She was born to be the woman we could blame  
Make me a beast half as brave  
I'd be the same  
Who's seen Jezebel?  
She was gone before I ever got to say  
"Lay here, my love  
You're the only shape I'll pray to, Jezebel"  
Who's seen Jezebel?  
Will the mountain last as long as I can wait?  
Wait like the dawn  
How it aches to meet the day  
Who's seen Jezebel?  
She was certainly the spark for all I've done  
The window was wide  
She could see the dogs come running  
Saying, "Wait, we swear, we'll love you  
More and wholly, Jezebel, it's we  
We that you are for only"
