

# You Make It Better

## Shawn Mullins

Another day your doing fine  
Every things okay,  
got all your ducks in line,  
its alright, life is good,  
you make it better  
you make it better  
you know you make It better  
you make it betterDont be concerned,  
aint nothing wrong,  
watch a table turn  
its your favorite song  
its alright life is good  
you make it better,  
you make it better,  
you know you make It better  
you make it betterAnother day, your doing fine,  
everythings okay,  
got all your ducks inline,  
its alright, life is good,  
you make It better,  
you make it better  
you make it better  
you make it better  
you know you make it better  
you know you make it better  
I said you make it better  
you make it better
