

# Londinium

**BJ Nilsen**

London never sleeps, it just sucks  
The life out of me  
And the money from my pocket London always creeps, showbiz hugs  
The life out of me  
Have some dignity, honey Euston, Paddington train station please  
Make the red lights turn green  
Endlessly  
My black cab rolls through the neon disease  
Endlessly, endlessly London never sleeps, it sucks  
The life out of me  
Show some dignity, honey Sushi bars, wet fish, it just sucks  
The life out of me  
And the money from my pocket Euston, Paddington train station please  
Make the red lights turn green  
Endlessly  
My black cab rolls through the neon disease  
Endlessly, endlessly I come alive outside the M twenty five  
I won't drink the poison Thames  
I'll chase the sun out West It's Londinium now, Londinium now  
It's Londinium now, Londinium now Euston, Paddington train station please  
Make the red lights turn green  
Endlessly  
My black cab rolls through the neon disease  
Endlessly, endlessly Euston, Paddington train station please  
Make the red lights turn green  
Endlessly  
My black cab rolls through the neon disease  
Endlessly, endlessly
