

# Just a Little

Donell Jones

[Verse 1:]

Don't I treat you right  
Make you feel real good  
I give good lovin  
I won't stop lovin till I got you  
Saying that you're ready to be all mines baby  
And I appreciate  
All the love we make  
There's nobody better  
Ain't no other woman could do what you do  
Never had to tell you nothing you rocks is right

[Talking:]

It's a feeling I can't explain  
I just feel like I gotta have you all the time  
The way you touch  
The way you kiss  
Baby I just wish you could be mines  
But I'm satisfied

[Chorus:]

If you can't give me all your love  
Just give me some  
Just a little o just a little o just a little o just a little  
If you can't give me all your love  
Some is enough  
Just a little o just a little o just a little just a little bit of your love

[Verse 2:]

Ooow making love to you feels good  
Tell me how you want it baby  
Chitown boy bout to drive you crazy  
Got the sweetest love and I want it every day  
You're the reason I made this record baby  
Make me say ooow I like it when you rock it like that  
Don't stop the love bring it right back

[Talking:]

It's almost like you're in my head  
You know what I'm thinking  
You know what I'm feeling  
And I can't say it's emotional  
It's definitely physical

But I want more, but I'm satisfied  
[Chorus: x2]  
If you can't give me all your love  
Just give me some  
Just a little o just a little o just a little o just a little  
If you can't give me all your love  
Some is enough  
Just a little o just a little o just a little just a little bit of your love  
I told you how I feel baby
