

The Beast Lives in the Same Place

[Corrina Repp](#)

Woman, shed yourself again
real men, on a hunt
the beast lives in the same place, it's
never really gone awayI feel like I'm gonna bite it, take my
fist and high five it. You were my favorite one, and now you're goneI bet you now,
seems like you wanted to be found again aloneWoman, make your way again
in another life
the beast lives in the same place
it's never really gone awayI feel like I'm gonna bite it, take my
fist and high five it. You were my favorite one, and now you're gone
in another life
gone
in another life
gone see less
