Dos

Catorce

Begging, do you mean groveling?
Settling, its not the same
Begging, do we take whats left?
Settling, second best, dont take requestsYou two, whats left
I dont take requests
You two, come this far
I might have something to sayYou two, whats left
I dont take requests
You two, come this far
I might have something to sayThese two, treat them well
Upon themselves, showed up again
Now you sir, give up the gig
You havent been repaidThese two, treat them well
Upon themselves, showed up again
Now you sir, give up the gig
You havent been repaidYou two, whats left
I dont take requests
You two, come this far
I might have something to sayYou two, whats left
I dont take requests
You two, come this far
I might have something to say
