

# High On Love

Emma Bunton

Well, I know that you're with me when I'm sleeping  
And I know that you hear me when I'm speaking  
No, I'm not gonna fight it and I just can't deny it  
'Cos I know that it's something I believe in And you made me listen  
And you really showed me where to go  
And you made me wonder who I am You're making me high, high, high, high on love  
You're making me high, high, high, high on love  
You're making me high, high, high, high on love  
You're making me high When I'm cold I feel your arms around me  
When I cry you're there to hold me gently  
Wanna shout out loud 'cos I feel so proud  
And I know that you're there to defend me And you made me listen  
And you really showed me where to go  
And you made me wonder who I am You're making me high, high, high, high on love  
You're making me high, high, high, high on love  
You're making me high, high, high, high on love  
You're making me high And you made me listen  
And you really showed me where to go  
And you made me wonder who I am You're making me high, high, high, high on love  
(Ooh, you're making my high, boy)  
You're making me high, high, high, high on love  
(Ooh, you're making my high, boy)  
You're making me high, high, high, high on love  
(Ooh, you're making my high, boy)  
You're making me high You're making me high, high, high, high on love  
(Ooh, you're making my high, boy)  
You're making me high, high, high, high on love  
(Ooh, you're making my high, boy)  
You're making me high, high, high, high on love  
(Ooh, you're making my high, boy)  
You're making me high Well, I know that you're with me when I'm sleeping  
And I know that you hear me when I'm speaking  
No, I'm not gonna fight it and I just can't deny it  
'Cos I know that it's something I believe in
