Put Me to Sleep

Porcelain Raft

Stop to complain and turn your head around
Restrain yourself and then you die
Did you tell your friends how much you missed em all?
How great is to live in a brand new world!
And its hard tonight for me to talk
Anyway it's too late, the party is over, and I really need to goChorus:
Would you do something for me,
Do something for me?
Would you put me to sleep,
Put me to sleep?This headache I have is riding a all over my brain
Didnt find my shoes and the night is about to end
And I think I lost the boys again
I need you now i hope you.Chorus: (x3)
Would you do something for me,
Do something for me?
Would you put me to sleep,
Put me to sleep?
Oh
