Two Sides

Anders Holst

We try so hard and yet we fail
When a lighter hand would prevail
Think of something, soft as water
Easily erase the earthStanding in the midstream of my life
All those years that formed my past
I can't help but start to wonder
Why a fleeting moment lasts?Two sides of everything
Of everything in life
There're two sides of everything
Of everything life brings
I saw the courage that's so rare
In that young man on the square
He turned voices raised in anger
Into a sound of silent whispersTwo sides of everything
Of everything in life
There're two sides of everything
Of everything life bringsTwo sides of everything
Feeling sad but my heart can sing
There're two sides of everything
Of everything in life
So cover me blindly
And pray
That I will find a way
Cover me blindly
From this pain
So I can heal again
