We Fall Apart (Radio Edit)

We As Human

The worlds on fire but we're all smiling
Though it's all our fault
But life is short so we resort to laughing through it allIt's the battle within the good and the sin
With both sides standing strong
It's the permanent scars
How broken we are
It's the things that hurt us allBut isn't it beautiful
The way we fall apart
It's magical and tragic all the ways we break our heartsSo unpredictable
We're comfortably miserable
We think we're invincible
Completely unbreakable
And maybe we are
Isn't it beautiful
The way we all fall apartYou're a liar but I'm a coward so I can't throw a stone
We're so imperfect but so worth it because we're not aloneIt's the wars that we wage, the lives that we take
For better or for worseIt's the lion we cage, the love and the rage
That keeps us wanting moreBut isn't it beautiful
The way we fall apart
It's magical and tragic all the ways we break our heartsSo unpredictable
We're comfortably miserable
We think we're invincible
Completely unbreakable
And maybe we are
But isn't it beautiful
The way we all fall apartThe world is dark but all it takes
your love to spark
To set my heart on fire once againBut isn't it beautiful
The way we fall apart
Isn't it beautiful
oh, isn't it wonderful
The way we fall apart
It's magical and tragic all the ways we break our heartsSo unpredictable
We're comfortably miserable
We think we're invincible
Completely unbreakable
And maybe we are
But isn't it beautiful
The way we all fall apartIsn't it beautiful

The way we fall apart
