

Hummingbird (Remastered 95)

[Leon Russell](#)

Sometimes I get impatient
Cool me with thou word
She comes so sweet and softly
My hummingbird, have you heard I thought my life had ended
To find out it's just began
To get me where I live
I give her everything I have to give
Talking about my hummingbird She's little and to love her too but for words to say
When I see her in the morning sleeping
She's little and she'll love me too, a lucky thing
Hummingbirds don't fly away When I'm feeling wild and lonesome
She don't know words to say
She gave me understanding
In that special way, have to say In my life I'll love no other
She's more than I deserve
To get me where I live
To give her everything I have to give
Talking about my hummingbird She's little and to love her too but for words to say
When I see her in the morning sleeping
She's little and she'll love me too, a lucky thing
Hummingbirds don't fly away Don't fly away, ooh, don't fly away, ooh
Don't fly away, ooh, don't fly away, ooh
