Too Hip Gotta Go

Stray Cats

I've been hanging around this town too long
And it seems like every woman done me wrong
She's in love when I'm in lust
Well the suitcases gatherin' dust
Baby, baby, baby, I'll see you some dayThere ain't nothing good coming out of this situation
Well if this is any kind of indication
Well I won't even bother to pack
I'll leave you baby sugar honey never come back
Well baby, baby, baby, I'll see you some dayToo hip, gotta go
Too hip, gotta go
You ain't running my life no moreToo hip, gotta go
Too hip, gotta go
When I step foot out of this doorI won't even bother to pack
I'll leave you baby sugar baby never come back
Baby, baby, baby, I'll see you some dayToo hip, gotta go
Too hip, gotta go
You ain't running my life no moreToo hip, gotta go
Too hip, gotta go
When I step foot out of this doorI won't even bother to pack
I'll leave you baby sugar baby never come back
Baby, baby, baby, I'll see you some day
Baby, baby, baby, I'll see you some day
Baby, baby, baby, I'll see you some day
