

# Party animal

## Akon Feat. David Guetta

Yeah, wasted  
Party, burr  
Double deuces on the back, 21s on the front  
Got that engine in the back, and the trunk is in the front  
In the back of the club now, smoking on a blunt  
Club packed to capacity I'm parked right in the front  
From the front to the back like a zoo  
(Party animal)  
Wanna ball with me baby, what it do?  
(Party animal)  
She's a man-eater, baby, girl's a cannibal  
(Party animal)  
I'm a party animal, she's a party animal  
(Gucci)  
I'm a party animal, used to be a trafficker  
Bricks up on the bus, call me the roll manager  
2,00,000 cash I might put that in the Challenger  
To only ride on Moreland 'cause that's my East Atlanta car  
First I brought you Juice Mane  
Then I brought you Flocka Flame  
Gucci Mane, the boss mane  
But you can call me Ice Mane
