In n Out

Dutch Uncles

I want in and out
I've got it bad since you've known me
I want in that drive-by
It's all up to me
If you fit the part
Been feeding the friend that you are
Oh, when I feel the secret
There's two ways I could leave it
Know what's forever between
You - Mother Mary, you and me
I want in n out
I got it bad since you know me
I want in that drive by
It's all up to me
I want in n out
We spin around since you know me
I want in n out of that waiting week [?]
But you didn't know me
I dunno if it starts
Pretending to play with the heart
It's but a rude thing
The way you groove me
We're in a future in space
To be the [?] and the same
I want in n out
I got it bad since you know me
I want in that drive by
It's all up to me
I want in n out
We spin around since you know me
I want in n out of that waiting week [?]
But you didn't know me
I'm used to it now
Your calming apparel
Would you separate it?
I want in n out
I got it bad since you know me
I want in that drive by
It's all up to me

I want in n out
We spin around since you know me
I want in n out of that waiting week [?]
But you didn't know me
