

# Touch

## Billy Fox

I can see you there  
Just out of reach  
I can feel your touch, on my skin  
You turn around  
Touch, touch, touch, touch...  
I'm gonna catch you, baby

Make the sounds  
Touch, touch, touch, touch...  
Seems like yesterday  
Touch, touch, touch, touch...  
On me  
I can feel your touch, touch, touch, touch...  
On me  
I can feel your touch, touch, touch, touch...

After all this time we're still here together  
After all this time we're still here again  
I can feel your touch, touch, touch, touch...  
On me

I can see you there  
Touch touch touch touch  
Just out of reach  
I can feel your touch, touch, touch, touch...  
On my skin

You turn around  
Touch touch touch touch...  
I'm gonna get you baby  
Make the sounds  
Touch touch touch touch...  
Same as yesterday  
Touch touch touch touch...

I can see you here  
I can feel your touch, touch, touch, touch...  
I'm gonna get you baby  
I can feel your touch, touch, touch, touch...

On me

I can feel your touch, touch, touch, touch...

On me

After all this time we're still here together

After all this time we're still here again

I can feel your touch, touch, touch, touch...

On me

I can feel your touch, touch, touch, touch...
