

# One Boy, One Girl

[Collin Raye](#)

He finally gave in to his friend's girlfriend  
When she said "There's someone you should meet"  
At a crowded restaurant way cross town, he waited impatiently  
When she walked in, their eyes met and they both stared  
And right there and then  
Everyone else disappeared  
But one boy, one girl, two hearts beating wildly  
To put it mildly, it was love at first sight  
He smiled, she smiled, and they knew right away  
This was the day, they'd been waiting for all their lives  
For a moment the whole world  
Revolved around one boy and one girl  
In no time at all, they were standing there in the front of a little church  
Among their friends and family, repeating those sacred words  
The preacher said, "Son, kiss your bride"  
And he raised her veil  
Like the night they met  
Time just stood still  
For one boy, one girl, two hearts beating wildly  
To put it mildly, it was love at first sight  
He smiled, she smiled, and they knew right away  
This was the day, they'd been waiting for all their lives  
For a moment the whole world  
Revolved around one boy and one girl  
He was holding her hand when the doctor looked up and grinned  
"Congratulations, twins"  
One boy, one girl, two hearts beating wildly  
To put it mildly, it was love at first sight  
He smiled, she smiled, and they knew right away  
This was the day, they'd been waiting for all their lives  
And for a moment the whole world  
Revolved around one boy and one girl
