# The Only Thing

## Evolver

All I need is the air we breathe
All I need is the air I breathe
All I need is the air we breathe
All I need is the air I breatheThere's so many things we need so desperately
And the TV preaches, we can't live without them
You tell me what is need, I'll tell you what I believe
If I owned the world without you it would all be worthless'Cause you are everythin', the only thing that matters
You are everythin', the only thing I need
You are everythin', the only thing that matters
Yes you are everythin', you are the air I breatheWhat if someday we took all their toys away
You think they'd find the strength to go on living
'Cause deep inside I know if I lost everything I owned
I'd be a king as long as you're beside me'Cause you are everythin', the only thing that matters
'Cause you are everythin', the only thing I need
Our love is everythin', the only thing that matters
Yes you are everythin', you are the air I breatheThe air I breathe
The air I breathe
The air I breathe
The air I breatheI hope someday they find a place to bid online
Where all lost souls can buy their life some meanin'
All I know we'll survive, all we need is more time
As long as we've got love and only ocean'Cause we are everythin', the only thing that matters
We are everythin', there's nothin' else I need
Our love is everythin', the only thing that matters
Yes, you are everythin', you are the air I breatheThe air I breathe
The air I breathe
The air I breathe
The air I breathe
The air I breathe
The air I breathe
The air I breatheYou are like a Saint, the only Saint that matters
You are everythin', there's nothin' else I need
'Cause you are everythin', the only thing that matters
Our love is everythin', you are the air I breathe
You are everythin', you are the air I breatheThe air I breathe
The air I breathe
The air I breathe
