## **Broadway Baby**

## **Bernadette Peters**

Im just a broadway baby working off my tired feet pounding forty-second street to be in a show

broadway baby a learning how to sing and dance

a waiting that one big chance to be in a show

Gee, id like to be on some marquee all twinkling lights

a spark, to pierce the dark from battery park to washington heights

some day maybe
all my dreams will be re-paid
heck,
id even play the maid
to be in a show

hey, a mister producer im talking to you sir

i dont need a lot only what i got plus a tube or greese-paint and a follow spot

im just a broadway baby slaving at the 5 and 10 wait fir that great day when ill be in a show broadway baby eating at a greese spoon to save all my dough

wait that one big chance to be in a show

at my flat theres just my cat a bed and a chair

still ill stick it till
im working for a nice man like a ziegfield or a wissman
in a great big broadway show!
