

Check One

All

Lets not and say we did. We were just as boring, but not as ugly. Then, lie and talk about the old days. Life is a mistake until you fill in the blank. Check one Yes or no Quit quitting. Do anything, even if it's wrong. Who cares why? Why the hell not? What not to see, what not to do, where not to go Life is a mistake until you fill in the blank Yes or no Check one Not nothing Zip, zilch, zero, jack, squat, none, nil, nada, nope Anything Life is a mistake until you fill in the blank. Everything Check one yes or no
