Nothing Can Separate Us

HTC Music

We've been here together for all of our lives
We've run down, we've made up
We've laughed till we cry
Through thick and through thin
And the good and the bad
But we never give up the time that we've had

Cuz we are a family
And that means a lot
Yeah we've made it this far
And no matter what

Nothing can separate us
ooohh oohhh
Though life may try to break us
oooh oooh
Whatever comes between us
Nothing can separate us now
daaada

We're there for each other
Whatever may come
To fight for to die for
Till we make it home
Though we all get older
And go our own ways
We'll keep moving forward
Though nothing will change

Cuz we are a family
And that means a lot
Yeah we've made it this far
And no matter what

Nothing can separate us
Aaoooahhh aaaooaahh
Though life may try to break us
Aoooah aaaoah
Whatever comes between us
Nothing can separate us now

daaadaa daaadaaa

Cuz this kind of bond can't be broken
Not by distance or death
This kind of love lasts forever and ever and never ends

Nothing can separate us
Though life may try to break us
Whatever comes between us
Nothing can separate us now

Nothing can separate us
ooohh oooh
Though life may try to break us
oooohh ooohh
Whatever comes between us
Nothing can separate us now
daaadaa daaadaaa

Nothing can separate us
ooohh oooh
Though life may try to break us
oooohh ooohh
Whatever comes between us
Nothing can separate us now
daaadaa daaadaaa
