We'll Find It

Sister Hazel

Help me, she said please excuse me sir, but
Help me, something isn't quite right
And you see that I ain't supposed to be here, but
Maybe you can help me find my way
Take me, I don't care, just not right here and
Take me somewhere more familiar and
Show me clever situations and
Tell me all the things I want to hear
And I said, oh yeah
I said, yeah, oh yeah, oh yeah, oh yeah
We'll find it, oh, I know I know
We'll find it, oh, I know I know
We'll find it, oh, I know I know
We'll find it, oh, I know I know
Well, help me, she said please excuse me sir, but
Help me, something isn't quite right
You see that I ain't supposed to be here, but
Maybe well now you can help me find my way
And I said, oh yeah
I said, yeah, oh yeah
I said, yeah, oh yeah, oh yeah, oh yeah
We'll find it, oh, I know I know
We'll find it, oh, I know I know
We'll find it, oh, I know I know
We'll find it, oh, I know I know
And I said, yeah, oh yeah
I said, yeah, oh yeah
I said, yeah, oh yeah, oh yeah, oh yeah
We'll find it, oh, I know I know
We'll find it, oh, I know I know
We'll find it, oh, I know I know
We'll find it, oh, I know I know
