Discotek

Cosmin TRG

At the discotek
Shake your body to the groove
Take it up through the night (ah hah)
At the discotek
Let the music make you moveAt the discotek
discotekWhen you work up to Friday
All over town
Boy you live for the weekend
And Saturday nightThere's people on the floor
Right now
So what you waiting for
Get downAt the discotek
Shake your body to the groove
Take it up through the night (ah hah)
At the discotek
Let the music make you move
Ain't no need to fight it
Just let it goAt the discotek
Discotek
At the discotekWhen the heat of the city
Has got you down
There's a place to release it
We'll be hittin' the townIt's where I wanna be
All night
It's gonna set you free
TonightAt the discotek
Shake your body to the groove
Take it up through the night (ah hah)
At the discotek
Let the music make you move
Ain't no need to fight it
Just let it goAt the discotek
Shake your body to the groove
Take it up through the night (ah hah)
At the discotek
Let the music make you move
Ain't no need to fight it
Just let it goAt the discotek
Discotek

At the discotek
Discotek
At the discotekThere's people on the floor
Right now
So what you waiting for
Get downAt the discotek
Shake your body to the groove
Take it up through the night (ah hah)
At the discotek
Let the music make you move
Ain't no need to fight it
Just let it go(Repeat to fade)
