

# Papa Noah

## Seed

Old Papa Noah sat down on a trunc  
The first college of knowledge had been founded that day  
Tell me more bout that story, about water an wine  
Or let it happen, yes, happen like mi mother sheBig entertainer, hot drop inna your ear like paradise  
"Oh stop the wailin", the prophet is sayin  
"Trust a guide ya, open your heart now day by day"  
Life will be more easy, just like Noah Im sayTry to save your soul before you get old  
Your body is fadin in timeWhat if Papa Noah was a liar?  
Just mystic tales of bliss for the youth to keep the faith  
What if no light will guide us higher?  
Would all our life have been in vain?Old Papa Noah show me the way to make it happen  
Hey, let me go to heaven that day  
Oh Papa Noah, hear what I say  
Him say pray, pray Sunday is a holidayOld Papa Noah set up the rules built the schools  
Love your mother father eeh  
Dont abuse a friend or hurt one another  
Then youll go to heaven that dayTry to save your soul before you get old  
Your body is fading in timeWhat if Papa Noah was a liar?  
Just mystic tales of bliss for the youth to keep the faith  
What if no light will guide us higher?  
Would all our life have been in vain?
