Needa Blessing

Lathan Warlick

Lathan Warlick â€“ Needa Blessing Lyrics

god where you at iâ€™ve been really patient
(iâ€™m here)
looking for change iâ€™m tired of waiting

(for real)
they say if i give you all my problem
than you wouldnâ€™t look down in heaven like i was crazy
so i will tell you with no debating
than move out the state they starting hating
say i got robbed that the reason i live
but i think they just want a conversation
say that his good was understatement
you got a chopper congratulations
(congratulations)
i understand if you canâ€™t rap about nothing else but you killing this generation
give us some time in the county jail
where was you at when they post the bill
couldnâ€™t write them back when they say
it felt like the walls was caving on them inside the cell
look at the people you running with
they think you a teen you will never quits
iâ€™m talking about the one that ainâ€™t scared to get down on one knee
when it to hard to handle it
see i done went crazy when they kill my cousin
same dude you ran with left him in blood
that why they say you put family first
even though you got problems
they still going to love you
the hardest thing
