Flight from Paris

Bobby Newberry

Sippin' scotch, taking shots
GQ tip, that Saint Laureant
Plains, trains, Balmain,
Flight from Paris so InsaneI didn't even really try to cause a seen
Front row seats at my silver screen
I'm sippin' scotch, taking shots like
Dum dada dum dada dum dum daWanna get down with me tonight
Wanna get down with me tonight
You're descending, and I'm up so high
Wanna get down with me tonightCognac, lilac, leather, wood, Le Liboson
Fame game, Cartier chain
Flight from Paris so insaneI didn't even really try to cause a seen
Front row seats at my silver screen
I'm sippin' scotch, taking shots like
Dum dada dum dada dum dum daWanna get down with me tonight
Wanna get down with me tonight
You're descending, and I'm up so high
Wanna get down with me tonightWanna get down with me tonight
Wanna get down with me tonight
You're descending, and I'm up so high
Wanna get down with me tonight
