Perfect Day

Hoku

Sun's up, a little after twelve, make breakfast for myself Leave the work for someone else People say, they say that it's just a phase They tell me to act my age, well I am On this perfect day, nothing's standing in my way On this perfect day when nothing can go wrong It's the perfect day, tomorrow's gonna come too soon I could stay, forever as I am on this perfect day Sun's down, a little after ten I pick up all my friends In my Mercedes Benz, wake up don't tell me it's just a dream 'Cause when I've had enough you'll hear me say Now don't you try to rain on my Perfect day, nothing's standing in my way On this perfect day when nothing can go wrong It's the perfect day, tomorrow's gonna come too soon I could stay, forever as I am on this perfect day I'm in the race but I've already won And getting there can be half the fun So don't stop me till I'm good and done Don't you try to rain on my Perfect day, it's the perfect day It's the perfect day, nothing's gonna bring me down I could stay, forever as I am On this perfect day, nothing's standing in my way On this perfect day, nothing can go wrong I'm in the race but I've already won And getting there can be half the fun So don't stop me till I'm good and done Don't you try to rain on my perfect day On this perfect day, on this perfect day
