Hummingbird

Shaun Groves

Feathered, tethered
Feels like all the worlds a cage
Worked up, run down
In this race to earn a wageSomething inside
Tells me I was made to
Split the sky
Tell me why ImLiving like a hummingbird
(Hungry for the blue)
Getting nowhere fast from all my work
(Stuck inside this view)
If youve got one eye on the sparrow, Lord
(Im standing still for you)
Could you spare one for the hummingbirdDead lines, this grind
Got me beating gainst the wind
Want more from life
Than just spinning round and getting by
Not satisfied justLiving like a hummingbird
(Hungry for the blue)
Getting nowhere fast from all my work
(Stuck inside this view)
If youve got one eye on the sparrow, Lord
(Im standing still for you)
Could you spare one for the hummingbirdSave me from this discontenting
Never ending, spirit bending
Pattern, I go round and round and
Round and round and round againYeah, Im stuck inside this circle
I just know theres better out there
Because I can feel it in my wings, so I sing
