Boy

Our Lady Peace

It's time for forgiveness
It's time for relief
It's time that we've wasted
And it's time that we need
It's time for decision
It's time to be brave
It's the time of your life
Don't let it slip away, yeah
Boy
You'll be running but can't get anywhere
Don't carry the weight of the world, boy
It's time that we borrow
And it's time that we bleed
It's time that will cure us
You just gotta believe, yeah
There's a warning up ahead
The alarms gone off again
But the sun will fill the sky
Fill the sky
Boy
You'll be running but can't get anywhere
Don't carry the weight of the world
And boy
Help is coming I'll get you out of here
Don't carry the weight of the world
The weight of the world
And the weight of the world
Just when you think you're done
The war can never be won
I, I'll be there to pick you up
And dust you off and bring you home
And make you feel loved
Don't carry the weight of the world
And boy
You'll be running but can't get anywhere
Don't carry the weight of the world
And boy
Help is coming, I'll get you out of here
Don't carry the weight of the world

The weight of the world
And the weight of the world
The weight of the world
And the weight of the world
And tonight is a fireball
And tonight, oh, you're not alone
And tonight we start again
And tonight, oh, the best is yet to come
