

# Welcome To The Universe

## 30 Seconds To Mars

And so the time has come, it's here  
(It's here, it's here, it's here)  
The silence ends  
The change is near  
You wait in the pallid silvered sky  
Come into the pantheon  
Welcome to the universe  
Welcome to the universe  
If there's a past into the clear  
We better take the pace

Erase this face  
In constant search for everything  
You wait in the pallid silvered sky  
Come into the pantheon  
Welcome to the universe  
(A new day has begun)
