

Life Is A Fantasy

Vanilla Ice

Oh, yeah, oh, yeah, oh yeah

Oh, yeah, oh, yeah, oh yeah

Oh, yeah, oh, yeah, oh, yeah

In my dreams I vision myself at the ocean

Beautiful girls rubbin' me down with some lotion

Even though you know I flow as cold as an ice cube

Let me tell you how it is to make love on an inner tube

Floatin' on water while splashin' waves on your body

Flowin' and goin', now pump it, pump it, hottie

See, I wanna get loose with you, is that all right?

Girl, I wanna' do it outside, under the moonlight

And get on down so we can make that love

You be the hand and iceman'll be the glove

This is your fantasy, your highest dream

Fulfillin' all your pleasures to the utmost extreme

Oh yeah, oh yeah, oh yeah

Life is just a fantasy

Oh yeah, oh yeah, oh yeah

Life is just a fantasy

Now, let me take you out so we can wine and dine

As I pull you close you pull your lips next to mine

Oh yeah, you like it like that

You like it like I do and that's where it's at

So later on that night as we got in my car

It started up again we didn't get very far

You made it very clear that you were not in fear

Leaned over to me and started kissin' my ear

Oh girl, you feel so good

You couldn't wait to get home and I understood

As we got busy, then I pulled up in the driveway

You said follow me 'cause we're gonna do it my way

Walked in the front door you startin' strippin' clothes

Turned off the lights and assumed the pose

Closer and closer, hot anticipation

You walked into the closet, came out in some lace 'nd

I almost lost my mind, but I kept it in tact

The lace you was wearin' ohh, I got an attack

'Cause this is your fantasy, your highest dream

Fulfillin' all your pleasures to the utmost extreme
Oh yeah, oh yeah, oh yeah
Life is just a fantasy
Oh yeah, oh yeah, oh yeah
Life is just a fantasy
Come on, baby and let me be your toy
I'll let you do as you wish just to give you joy
And get down, I know you wanna' get loose
Let's do it like a train and I'll be the caboose
Or better yet, I'll take you higher, I think that it's time
To make love to you, baby on cloud number nine
As we start pumpin', sweat pours down my chest
And that's when you know Vanilla Ice is the best
You say ooh, ah, ooh, ooh, ah
I don't know what it means but I like it a lot
This is your fantasy, your highest dream
Fulfillin' all your pleasures to the utmost extreme
Oh yeah, oh yeah, oh yeah
Life is just a fantasy
Oh yeah, oh yeah, oh yeah
Life is just a fantasy
Oh girl, oh, yeah
Life is just a fantasy
Oh girl, oh, yeah
Life is just a fantasy
Oh girl, oh, yeah
Life is just a fantasy
Oh girl, oh, yeah
Life is just a fantasy
Life is just a fantasy
Life is just a fantasy
Oh yeah, oh yeah, oh yeah
Life is just a fantasy
Oh yeah, oh yeah, oh yeah
Life is just a fantasy
