

Vinvm Sabbati

Behemoth

Water's runnin' down
By the silver moon rays
Towards the foundation Reflecting themselves
In the mirror ov dreams
And creating deadly forms ov life Vinvm sabbati
Crystal formula
Melted by the fire ov lust Etera zetgiell
Emoke selene a helios
Bey este'ike eliech
Zeresse'naa essekee Astral Dominion
By the witches virtu's rul'd
Desire equinox
Tension releas'd liberated
In the senses danse Vinvm sabbati
Where the sigil branded
On the breast, for'head
And Temple ov Atlantis Rise we upon the ladder
Ov blasphemies
Towering o'er the heavens Where our empty laugh rings
And fingers touch the face
Ov god disabled
