Having Fun (feat. Dean Fraser)

Iba Mahr

Loose the heavy load
Take the stress from off your mind
Synchronize with nature
As the birds they harmonize
A smile relieves the tension, in case you never know
That joy is like the stream that flowsI know that you have problems
We all have ups and downs
But only you can solve them
Just sing a happy song
For all these wrong, resonates within our heart is love
Together we belong
Together we belongNo need to sit alone and cry
Shake off the stress just stay high
Don't be distant
Come on let us dance
Cause everyone is having fun
Yes everyone is having funI know that your down, you think that no one really cares
Sitting alone in your grandma's rocking chair
Let's go have some fun
No need to have no fear
Cause everyone is having fun
Yes everyone is having funNo need to sit alone and cry
Shake off the stress just stay high
Don't be distant
Oh come on let us dance
Cause everyone is having fun
Yes everyone is having funWhy you so sad
You're missing the beauty of the world
Be glad, be glad
That you're a part of this worldLoose the heavy load
Take the stress from off your mind
Synchronize with nature
As the birds they harmonize
A smile relieves the tension, just in case you never know
That joy is like, that joy is like, joy is joy is j-o-o-y
Joy is like Joy is like jo-o-y jo-o-y
Joy is like the stream that flows
I joy is like the stream that jo-o-y
Joy is like Joy is like joy is joy is likeJoy is like the stream that flows

Joy is like ooh wooh oooh
Just keep a happy face and keep it alive ooh wooh oooh
