

Close Your Eyes

The Chemical Brothers

In your eyes I can see that you're cracking up
In your eyes I can see that you've had enough
And It pains my head

In your eyes I can see that you're cracking up
In your eyes I can see that you fell In love
And It pains my head

In your eyes I can see that you're cracking up
(what If It would just)
And It pains my head

In your eyes I can see that you fell In love
(what If It would just)
And It pains my head

In your eyes I can see-come Into me
(what If It would just come Into me)
And It pains my head

In your eyes I can see-come Into me
(what If It would just come Into me)
And It pains my head

I'm In this love, I'm In
I'm In this love, I'm In this love
I'm In this love, I'm In
I'm In this love, I'm In this love

Why should I wait, maybe I fall.
(turn the radio, turn the radio on now)
Love Isn't waiting for me.
Why should I wait, maybe I fall.
(turn the radio, turn the radio on now)
Love Isn't waiting for me.

[Repeat: x10]
What If It all were to change love?
I thought It would.
