

Change My Ways

Alan Wilson

Well I need some woman
To stand by, to stand by
For me

Well I need some woman
To stand by, to stand by
For me

And I'm so, so tired of
Sleeping by, sleeping by myself I've been alone so long,
Got to change, got to change
My ways

I've been alone so long,
Got to change, got to change
My ways

I will love some woman
Better than I love, better than I love
Myself

I went down to the ocean
Set down by, set down by
The sea

I went down to the ocean
Set down by, set down by
The sea

But the waves and the water
Would not give, would not give
Me peace
