

# Change My Ways

Alan Wilson

Well I need some woman  
To stand by, to stand by  
For me

Well I need some woman  
To stand by, to stand by  
For me

And I'm so, so tired of  
Sleeping by, sleeping by myself I've been alone so long,  
Got to change, got to change  
My ways

I've been alone so long,  
Got to change, got to change  
My ways

I will love some woman  
Better than I love, better than I love  
Myself

I went down to the ocean  
Set down by, set down by  
The sea

I went down to the ocean  
Set down by, set down by  
The sea

But the waves and the water  
Would not give, would not give  
Me peace
