

# Insomnia

Brian Puspos

Head to toe, no flaws  
So incredible  
Girl you make me sweat  
The way you wear that dress  
It ain't no fair but girl I'm game  
I ain't try'n'a tame you  
Baby girl you just go on What I would do  
Probably the wildest things to please you  
Not but nothing, I'll chase the moon  
Walk over fire and flame to feel you once again  
'Cause you already know  
We, we gettin' no sleep  
We gettin' no sleep tonight  
I already knew baby once it started  
We, we gettin' no sleep  
We gettin' no sleep tonight (all night)  
All night, all night I feel it coming  
We ain't even close to done  
Girl you need another round, round, round  
Yeah that's goin' back  
I'm talking 'bout we (we)  
We gettin' no sleep (tonight)  
We gettin' no sleep tonight (all night)  
All night  
Front to back in slow  
Y'know I'm in for that long love  
Up and down your legs  
Don't you make me beg for it  
Show me your taste, in every place  
Girl I won't waste a single drop What I would do  
Probably the wildest things to please you  
Not but nothing, I'll chase the moon  
Walk over fire and flame to feel you once again  
'Cause you already know We, we gettin' no sleep  
We gettin' no sleep tonight  
I already knew baby once it started  
We, we gettin' no sleep  
We gettin' no sleep tonight (all night)  
All night, all night I feel it coming

We ain't even close to done  
Girl you need another round, round, round  
Yeah that's goin' back  
I'm talking 'bout we (we)  
We gettin' no sleep (tonight)  
We gettin' no sleep tonight (all night)  
All night, all night(All night) All night  
(All night) All night, all night  
Baby, yeah (all night)  
Baby you're all mine, mine (yeah)We, we gettin' no sleep  
We gettin' no sleep tonight  
I already knew baby once it started  
We, we gettin' no sleep  
We gettin' no sleep tonight  
All night, all nightI feel it coming  
We ain't even close to done  
Girl you need another round, round, round  
Yeah that's goin' back  
I'm talking 'bout we (we)  
We gettin' no sleep (tonight)  
We gettin' no sleep tonight (all night)  
All night, all night(All night, All night, All night, All night, All night)  
All night, All night  
(All night, All night, All night, All night)
