

Gospel Song

Black Rebel Motorcycle Club

I will walk with Jesus, till I cant go any more
And I will stay with Jesus, till I can't go another mile And people will see all the good that's concealed
And people must know, not to feel any sorrow
'Cos I will not stand by and watch you cry I will stay with Jesus, till I can't stay any more
And I will stand with Jesus, till I can't take another stone And people will see all the good that's concealed
And people will know, not to feel any sorrow
'Cos I will not stand by and watch you cry
