

# Don't Look Back

## Huey Lewis & The News

Woman left for another man  
Took your car and a Steely Dan  
If you're back for that you wouldn't have no luck  
[Incomprehensible]  
There's only one thing to do Keep on walking and don't look back  
Head on down to the chicken shack  
Go and act like a maniac  
Keep on rocking and don't look back Had a little trouble with a guy at work  
Got a great big mouth for a little jerk  
Got a lot of bills, one check won't pay  
And a love that's real is fading away  
There's only one thing to do Keep on walking and don't look back  
Head on down to the chicken shack  
Go and act like a maniac  
Keep on rocking and don't look back Keep on walking and don't look back  
Don't you just sing the blues  
Keep on walking and never look back  
Put on your walking shoes Keep on walking and don't look back  
Never look back  
Just chalk it up to history  
Set yourself free Keep on walking and don't look back  
Head on down to the chicken shack  
Go and act like a maniac  
Keep on rocking and don't look back
