

Play The Hits

Hal

Take a look at those guys
When they play their hits on the radio
And the pretty young girls
When they shake their hips on the television show I want it, can I get it?
I need it, can I have it? Take a look at those guys
When they play their hits on the radio
And the pretty young girls
When they shake their hips on the television show I want it, can I get it?
I need it, can I have it? Here she comes and I guess shes got a lot to talk about
Uh ho ho, and I guess shes got a lot to talk about Take a look at those guys
When they play their hits on the radio
And the pretty young girl
Well, she shakes her hips on the television show I want it, can I get it?
I need it, can I have it? Here she comes and I guess shes got a lot to talk about
Uh ho ho, well, I guess shes got a lot to talk about
(Here she comes)
And I guess shes got a lot to talk about I want it, can I get it?
I need it, can I have it? There she goes and I guess shes got a lot to talk about
(Here she comes)
Uh ho ho, well, I guess shes got a lot to talk about (Take a look at those guys, take a look at those guys)
Uh ho ho, and I guess shes got a lot to talk about
(And the pretty young girl, and the pretty young girl)
Uh ho ho, and I guess shes got a lot to talk about (Take a look at those guys, take a look at those guys)
Uh ho ho, and I guess shes got a lot to talk about
(And the pretty young girl, and the pretty young girl)
Uh ho ho, and I guess shes got a lot to talk about I want it, can I get it?
I need it, can I have it? I want it, can I get it?
I need it, can I have it? I want it, can I get it?
I need it, can I have it?
I want it, can I get it?
