

# Gardenia

## Iggy Pop

[Verse 1]

Gardenia

Where are you?

Black goddess in a shabby raincoat

Where are you tonight?

Cheap purple baby-doll dress

A gardenia in your hair

Much taller and stronger than me

A forbidden dream, a dream, a dream[Chorus]

All I wanna do is tell Gardenia

What to do tonight [x2][Verse 2]

Gardenia

Where are you, tonight?

The streets were your home

Now where do you roam?

Your hourglass ass

And your powerful back

Your slant devil eyes

And the ditch on your spine

Deep ass, deep ass[Chorus]

All I wanna do is tell Gardenia

What to do tonight [x2][Bridge]

We lay in the darkness

Then she turned the lights on

I saw a dangerous habit

When she turned the lights on

There's always a catch

In the darkness when you

When you turn the lights on

There's always a catch

Oh well, oh well, oh well, oh well[Chorus]

All I wanna do is tell Gardenia

What to do tonight [x2]Alone in the cheapo motel

By the highway to hell

America's greatest living poet

Was ogling you all night

You should be wearing the finest gown

But here you are now

Gas, food, lodging, poverty, misery

--and gardenia  
You could be burned at the stake  
For all your mistakes, mistakes, mistakes[Chorus]  
All I wanna do is tell Gardenia  
What to do tonight [x2]
