

# My World

## Lit

Sitting alone in my own world  
By myself euphoric feelings of floating  
Far away, slow burning candles incense

Hendrix

I got my friends, I got my friends

I got my, got my, got my friends

Yeah, yeah, yeah

Slow burning candles incense

Hendrix

I got my friends, I got my friends

I got my, got my, got my friends

I got my friends, I got my friends

I got my, got my, got my friends
