## The Cure

If only you'd never speak to me  
The way that you do  
If only you'd never speak like that  
It's like listening toA breaking heart, falling sky  
Fire go out and friendship die  
I wish you felt the way that I still do  
The way that I still doIf only you'd never look at me  
The way that you do  
If only you'd never look like that  
When I look at youI see face like stone, eyes of ice  
Mouth so sweetly telling lies  
I wish you felt the way that I still do  
The way that I still doBut you don't  
You don't feel anymore  
You don't care anymore  
It's all gone, it's all goneIf only you'd never pull from me  
The way that you do  
If only you'd never pull like that  
When I'm with youI feel hopeless hands helplessly  
Pulling you back close to me  
I wish you felt the way that I still do  
The way that I still doBut you don't  
You don't feel anymore  
You don't care anymore  
It's all gone, it's all goneIf only you'd ever speak to me  
The way you once did  
Look at me the way you once did  
Pull to me the way you once didBut you don't  
You don't feel anymore  
You don't care anymore  
It's all gone, it's all gone
