

# It Takes Time

Rory Gallagher

Now baby, I got you on my mind  
Little by little I watch my love slow down  
Yeah yeah, do you know what it means to be alone?  
Today you're laughing, pretty baby, tomorrow you could be crying  
Well, you live for the day you're goin' on  
your own  
You got a little child here now come on and try to make it home  
Oh, oh, you know what it means to be alone?  
Today you're laughing, woman, tomorrow you could be crying  
Gonna tell me every dog has its day  
Tell me why all the good dogs get up and run away  
Do you know what it means to be alone?  
Today you're laughing, baby, tomorrow you could be crying  
Yeah, yeah, yeah, yeah  
Do you know what it means to be alone?  
Today you're laughing pretty thing, tomorrow you could be crying
