How Many Ways (feat. Vybz Kartel)

[Heather Headley](#)

You know, it's Heather Headley, so cool, so deadly
With Vybz Kartel and these ladies say that I start well
Better be up to the time, you know I can read your mind
Penny for your thoughts, nickel for your kiss, talk yo meI gotta' lotta things to share with you, boy
I'm checking for ya, call me, baby, sometime I'll tell it to ya
I'm feelin' all this chemistry between you and me
I can't sleep at night I toss and turn and turnLookin' for ya, dreams of you by my side, I'm talking to ya
What's this, what's this?
I feel, I feel, I'm curious, gotta seeHow many ways can I show you how I feel?
Let you know my love is real
I'll be the girl for you I will, give you all of meI wanna hear how it sounds when you say my name
Boy, for that I'll do anything
And if you need or you want for more
Tell me, how many ways?I'm waiting for the day you say to me, tellin' me
I'm the one you need and you'll always take care of me
And you take me by the hand and tell me
"Baby, it's alright, it's okay"Then you and me can finally live out all our fantasies
Layin' on the beach fall asleep in the West Indies
Listenin' to sounds of pleasureHow many ways can I show you how I feel?
Let you know my love is real
I'll be the girl for you I will, give you all of meI wanna hear how it sounds when you say my name
Boy, for that I'll do anything
And if you need or you want for more
Tell me, how many ways?[Incomprehensible][Incomprehensible]How many ways can I show you how I feel?
Let you know my love is real
I'll be the girl for you I will, give you all of meI wanna hear how it sounds when you say my name
Boy, for that I'll do anything
And if you need or you want for more
Tell me, how many ways?How many ways can I show you how I feel?
Let you know my love is real
