

# Disaster Blaster 2

## White Zombie

Conquest heat master  
skin crack move faster  
doomwatch got open eyes  
perversion never lies  
Disaster blaster  
disaster blaster  
Creature of destruction  
laughing dead corruption  
challenge to survive  
love butcher alive  
Disaster blaster  
disaster blaster  
Take a journey into fear  
demon warp invasion  
thunder wheels rolling  
crush 1000 faces  
Sworn to fun and loyal to none  
When the beast is clever  
the best it ain't over  
walk alone on borrowed time  
and kiss tomorrow goodbye  
Sworn to fun and loyal to none  
Lost inside a human zoo  
edge of life wants you  
got a grip on the wire  
but my brain don't get no higher  
Disaster blaster  
disaster blaster  
Leather skin move to the beat  
beastman insulated heat  
looking for a sleeping dream  
hop-head body scream  
In the morning  
ready to learn  
what's happening  
and who's gonna burn  
Get on your feet  
time to die  
on the floor

machines don't die  
Stealing the world  
walking away  
poison mind  
everyday
