Annabelle

Eva Under Fire

Vs1
It's coming around again
He always knew
He could never look back
She'll take the fall again
He looks away
How did they get off track

We were never meant
Never meant
Never meant to be here
To be here

Chorus
Annabelle
I wish you well
You were never really good for me
The pain and loss
Dreams you cost I'd be a fool not to ever leave
You made me
What I am
I can't seem to get washed clean
Annabelle Annabelle
Why me

Vs2
He looks up just in time
To see it all come crashing down
Nobody's going home tonight
He looks away will they be alright

We were never meant
Never meant
Never meant to be here

(Chorus)

Bridge
You made me what I am
No matter what happens

Annabelle
You made me what I am
You made me what I am
