Anthropodislogical

Agathocles

The bastard breed,
the human race,
behaving like sheep,
another grey face,
Technological arrogance
creating a distance,
overvalued intelligence
makes the dead dance
Anthropodislogical, man is a joke,
doesn't know is place, our filthy race,
Anthropodislogical, man is a joke,
bastard breed,
Anthropodislogical, killing our globe,
will it know its place ? our arrogant race,
Anthropodislogical killing our globe,
bastard breed,
Humanipulation,
caused by ignorance,
follow their leader,
into disaster,
Mother Earth sreams,
but none one weeps,
Anthropodislogical,
humanity to hell.
