Salvation

Alice Cooper

What if I'm wrong?
I've been deceived all along
What if I'm wrong?What have I done?
Did I waste a life just for fun?
What have I done?What did I do?
I did what voices told me to
What did I do?Where will I go?
Will I sink through fire down below
Where will I go?Any chance of salvation
Any chance for me
Any chance of salvation for eternity
Any chance of salvation
Someone died for me
Washed in blood, he cared enough to pity meWhy do I care?
What's wrong with me, my hate is gone?
Why do I care?When did I change?
What's different now, it's very strange?
When did I change?Any chance of salvation
Any chance for me
Any chance of salvation for eternity
Any chance of salvation
Someone died for me
Washed in blood, he cared enough to pity meIn my heart, in my soul
Some thing's new, that's very old
Like a pain that's finally gone
I feel my heavy burden liftedAny chance of salvation
Any chance for me
Any chance of salvation
Any chance of salvation
Any chance for me
Any chance of salvation for eternityAny chance of salvation
Any chance for me
Any chance of salvation for eternity
Any chance of salvation
Any chance for me
Any chance of salvation for eternitySalvation
