

# Salvation

## Alice Cooper

What if I'm wrong?  
I've been deceived all along  
What if I'm wrong?What have I done?  
Did I waste a life just for fun?  
What have I done?What did I do?  
I did what voices told me to  
What did I do?Where will I go?  
Will I sink through fire down below  
Where will I go?Any chance of salvation  
Any chance for me  
Any chance of salvation for eternity  
Any chance of salvation  
Someone died for me  
Washed in blood, he cared enough to pity meWhy do I care?  
What's wrong with me, my hate is gone?  
Why do I care?When did I change?  
What's different now, it's very strange?  
When did I change?Any chance of salvation  
Any chance for me  
Any chance of salvation for eternity  
Any chance of salvation  
Someone died for me  
Washed in blood, he cared enough to pity meIn my heart, in my soul  
Some thing's new, that's very old  
Like a pain that's finally gone  
I feel my heavy burden liftedAny chance of salvation  
Any chance for me  
Any chance of salvation  
Any chance of salvation  
Any chance for me  
Any chance of salvation for eternityAny chance of salvation  
Any chance for me  
Any chance of salvation for eternity  
Any chance of salvation  
Any chance for me  
Any chance of salvation for eternitySalvation
