

# Broken (Orchestral Version) [Bonus Track]

## Nemesea

Every memory  
Every angry thought of you  
Makes me certain  
What you took away from me Every moment  
Every happy thought you stole  
I've not forgotten  
What you did to me Every harsh word  
Every cruel trick that you played  
Makes me wonder  
What I'll do to you Cause by breaking me  
You have made a stronger person  
You will see! Today is the day to take a hold  
This is the truth that I have found  
For those who tore my life apart  
Are gonna find what comes around Every dark day  
Every painful second spent  
Made me discover  
What to do for me Cause by breaking me  
You have made a stronger person  
You will see! Today is the day to take a hold  
This is the truth that I have found  
For those who tore my life apart  
Are gonna find what comes around Diamonds only shine when held in the light  
You could never treasure me  
Now I've made my choice Every small step  
Every link I have to break  
Leads me further  
Away from you Today is the day to take a hold  
This is the truth that I have found  
For those who tore my life apart  
Are gonna find what comes around
